Premium Water-Based Flexographic Glue-able Matte Coating

-Matte coating is extremely scuff and rub resistant in addition to being glue-able –

Bensalem, PA (March 2007) – Advanced Ink & Chemical is pleased to announce the development of “**Super Low Gloss Glue-able Matte**”, this flexographic clear varnish is designed to be glue-able and is perfect for paper companies and high end folding cartons as well as prime labels.

This coating offers very low gloss and excellent press stability. The durability and scuff resistant properties make it an excellent choice for printers and a real alternative to UV Matte coatings. This coating is designed to run on paper and film.

About Advanced Ink & Chemical

Advanced Ink & chemical is a manufacturer of water based specialty inks and coatings, as well as a full line of chemicals and cleaners for the pressroom. By offering specialty products like tactile coatings, fluorescent and security flexographic inks and premium inkjet inks, Advanced is a true resource to their customers.
